

Nursery and Reception

9th November

We talked about Pudsey Bear and what Children in Need is about. They all thought it was a good idea to look after children who weren't as lucky as they were and were very sweet giving suggestions of what they could do to help. "I have got lots of toys I could share." "I've got food I can give." "We've got a spare room someone could have." They all worked well together to collect yellow leaves to fill in Pudsey. Matilda and Mia-Grace wanted to find sticks and stones for his mouth and eyes. Oliver found spotty leaves that he thought would be good for the eye patch. Oliver H wanted to make a different Pudsey and fill it with sticks instead of leaves. Everyone was busy and involved. They then enjoyed playing a special version of hide and seek called "Pudsey, where are you?".
